State Officers At 2-County Council, ALA

Newfoundland — There were many state department officers present at the meeting of the newly-organized Wayne-Pike Council, American Legion Auxiliary, held on Saturday at Newfoundland as the guests of the Newfoundland unit, No. 859.

Mrs. W. Graydon Painter, chairman of the department of the state of Pennsylvania, outlined the major points in the state program at the luncheon which followed the business meeting. She emphasized the auxiliary's work in combating juvenile delinquency, particularly in the narcotics field; in rehabilitation of veterans and in child welfare.

In the field of child welfare, she announced that the department president's project this year was to furnish equipment for the Scotland Orphans school, maintained for the orphans of veterans.

Joseph Jacobs, superintendent of the Greene-Dreher-Sterling High school, was the guest speaker at the luncheon, emphasizing in his talk that the ultimate solution to the world's problems would not be achieved through war but by a return to God.

Mrs. Charles Millar, of Hawley, council president, presided at the business meeting when plans were made for a subscription campaign with the proceeds to be used to purchase hospital beds for use throughout the counties represented.

There were five units of the council represented at the meeting: Lakewood, Hawley, Honesdale, Newfoundland and Weymart. The president of each unit outlined what their respective auxiliaries had achieved thus far.

The state chairman spoke on the activities of their committees: Mrs. John McGuire on international activities; Mrs. Mayme Briggs on Pan American activities; and Mrs. Eugene Holland on the work of the sections.

The next meeting of the council will be held in Weymart.

Just Between Us

—By Bobby Westbrook

A nice quiet weekend of rest, you told yourself, is all you need after that busy, busy week, to have you champing at the bit, come Monday morning, ready to take the hurdles of wash-day and third-week meetings right in stride.

And look at you yawning all ready. Seems the only thing a nice long rest prepares you for is more resting.

But small chance of it this week—not if you want to keep up with the current discussion of Thrift by the Stroudsburg PTA panel, the East Stroudsburg WSCS panel on the Christian family, or the story about Col. Jacob Stroud at the DAR this afternoon.

Like what?

Howdy Folks!

Seems like Christmas is just passing over the horizon, but here we are again with another one of those special occasions looming up ahead. This time it's Valentine's Day.

Really, it's not too early to suggest an appropriate Valentine gift.

And that reminds us of an old saying that was inspired by a song: "You Ought To Be In Pictures!" Remember? Has anybody ever said that to you? Well, we are right now. And especially with Valentine's Day in the offing.

Everybody loves pictures, so why not send yours to that favorite Valentine. It's the perfect, all-round gift—for Dad, Mother and those special friends.

Arrange for a sitting now while there is still plenty of time.

Legion Aux. Tonight

The executive board of the auxiliary to George N. Kemp post, American Legion auxiliary will meet tonight at 8 at the Legion home.

THE Wyckoff SHOPPER

"Would you meet a little girl and take her shopping?" the switchboard operator asked Saturday. "If you will, here's a number to call." Would it? Why, naturally. As Wyckoff's Shopper, the more unusual the request, the better I like it, and what could be better fun than helping an eight year old select a Brownie outfit?

That's how it happened that a delightful little girl, whom I'd never seen before, went shopping with me on Saturday. And while I regret the illness in her family that made this practical, I do hope there will be many future occasions when she joins me on shopping expeditions. What is more, I hope that other mothers will realize that this service is free to them. If they feel the need of sending their girls or boys on errands and think that a little adult advice might come in handy... well, the Wyckoff Shopper is as near as the telephone. Between Shopper and department head, everything possible will be done to see that a sensible purchase is made.

And here are any number of other errands I'd be glad to do for busy housewives: If Junior is taking a few of his buddies to the Saturday show in celebration of his birthday, I'd be glad to meet them later and see that they have refreshments in the Tea Room—providing, of course, you would rather treat the children elsewhere than at home. But consider the party at home—if you need paper tablecloths, napkins, salted nuts, favors, candies, games and prizes, call 400, ask for the Wyckoff Shopper and have everything delivered. Your only concern then is refreshments.

If you are a shutin, why worry about your personal needs or those of your friends? Call me, and tell me approximately what your wishes are. Wyckoff's will bring to your door the same quality merchandise you can always find in any department of the store. And if anything the Shopper selects doesn't please you, you are not obligated to keep it. Whatever your shopping requests, let's hear them and see what can be done. How about it?

Russia's Application Turned Down

Zurich (AP)—Russia's application to participate in the Olympic Ice Hockey tournament was turned down yesterday by the International Ice Hockey Federation.

Dr. Fritz Kraatz, president of the IIHF, told a meeting of the federation's executive committee that the application had arrived too late for consideration at the Oslo congress of the group next month just before the games start. He added that a mail vote would be taken after the Oslo meeting, but that would be too late for the Russians to enter the Olympics.

The president gave two additional reasons why the Russian application could not be considered.

One—The Soviet union did not send a copy of its hockey rules.

Two—The Soviets did not send a declaration that their team would abide by the rules of the federation.

Schedule

After turning down the Russian bid, the executive committee approved a round-robin schedule for the nine teams now entered in the hockey competition.

Under the schedule, the United States team, which left that country by air yesterday, will open the competition against Norway February 15. This is one day after the winter games get under way.

The schedule, worked out almost single-handedly by Axel Midstue, secretary of the Norwegian Ice Hockey Federation, calls for these other opening day games: Canada vs. Germany, Sweden vs. Finland and Poland vs. Czechoslovakia.

Dawson Visits Pittsburgh

Pittsburgh (AP)—Lowell "Red" Dawson made his first visit to Pittsburgh yesterday since being named the University of Pittsburgh's head football coach—and indicated he's more interested in housing than football for the moment.

Dawson and his attractive wife came here from East Lansing, Mich., where he was backfield coach of the Michigan State Spartans. He said he expects to spend several days househunting but also will work in some conferences with Pitt athletic director Tom Hamilton.

Contract

Pitt's new head coach, signed for three years on a contract believed to call for \$12,000 to \$15,000 a year, was named to his new job last week. Hamilton filled in as gridiron boss last year, taking over when Len Casanova quit unexpectedly a few weeks before fall practice was to start.

New National Professional Football League Entry Searching For Famous Texas Talent

By Will Grimsley

New York (AP)—The Dallas Rangers began a move to give their new National Football League team a sharp Texas flavor yesterday with a \$250,000 bid for Detroit's Doak Walker.

The New York Giants' controversial, red-ink franchise was shifted to the Texas city late Saturday night in a triple-pass maneuver that sheared radio producer Ted Collins of his professional football interests.

Bert Bell, NFL commissioner, said papers and a check for \$300,000 are in the mail from the Dallas purchaser, textile tycoon Giles Miller, and the deal should be completed by the middle of next week.

Already, however, the new owners apparently are busy trying to round up home-grown talent.

Walker, a Dallas boy who was a three-time All-America halfback at Southern Methodist University, became number one on

their "must have" list. He is the gridiron idol of the Lone Star state.

Nick Korbaw, general manager of the Detroit club, said he had received telephone calls from Dallas yesterday asking the prospects of luring Walker away from the Lions.

No Hope

Korbaw said he gave the Texans no hope. Walker, he added firmly, is not for sale.

The Washington Redskins also girded for offers from the new Dallas owners, particularly for Baylor's All-America quarterback Larry Isbell and SMU's center Dick Hightower, both plucked in the recent draft.

"I don't know whether we'd take George Ratterman for Isbell but we might," said Redskins owner George Marshall.

Another rumor sweeping the convention headquarters of the league was that the Texans also may try to grab the Redskins'

Sammy Baugh as coach. Most of the club directors and coaches, however, gave little credence to this.

After two days of wrangling the Yanks-Dallas deal broke with jarring suddenness shortly before Saturday midnight.

The league paid Collins \$100,000 for his football team and all its assets and cleared up obligations with the New York baseball Yankees and New York football Giants.

The league paid the baseball Yankees \$200,000 for the remaining eight years' lease on Yankee Stadium. This is 50 cents on the dollar since Collins' contract called for \$300,000 a year.

The Giants cancelled the \$175,000 still owed by the Yanks for territorial rights and Tim Mara, owner, said: "The Giants now will be the only football team in New York—and that's forever."

Miller and his associates simply pick up the check for the whole amount—\$300,000.

Tonight's host team, Tannersville, has one win and the same number of setbacks to its credit thus far against Pocono Mountains League competition.

County Notes Fewer Deaths On Highways

Seven persons were killed in traffic accidents in Monroe county in the first 10 months of 1951, the State Bureau of Highway Safety said yesterday.

The figure was two less than for the first 10 months of 1950. Six of the deaths occurred in rural areas, as opposed to seven in 1950; one was an urban death. The two pedestrians killed numbered the same as for 1950.

The state-wide picture showed, for the same periods, a sharp rise from 721 to 803 in the number of traffic deaths occurring in rural areas; a rise from 460 to 461 in the urban fatalities; and an increase from 1,181 to 1,246 as the total from all counties.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Realty Tax Law To Take Effect Feb. 1

Stamps to show payment of the new one per cent State tax on property transfers will be received shortly in the office of Floyd Butz, county register and recorder.

Butz will be sole agent for the stamps in Monroe county. The new law becomes effective Feb. 1. Revenue Secretary Otto F. Messner explained that the stamps, furnished by the Department of Revenue in denominations from one cent up to \$1,000, must be affixed to documents of realty transfer as proof that the tax on the value of the property has been paid at the recorder's office.

Out of the tax collected on the sale, Butz will be paid a commission of one-half of one per cent.

The new law sets up penalties to both recorder and vendor in the event of violation of the provisions of the act. Failure of the State's agent to collect the one per cent tax and to affix the tax stamps will draw a fine of \$50 and costs or a possible 30-day jail term. The seller of the property, if he does not live up to the law, faces a maximum fine of \$500 and costs or imprisonment up to 90 days.

It has been estimated that the new tax on such transfers will yield the State about \$20 million in the next 16 months. The law is part of the \$114 million revenue-raising "package" enacted by the 1951 Legislature.

The federal government contains a multitude of boards, commissions, and committees, but perhaps another one is needed. Its job: to inform each group what the others are doing.

Think, for example, what could be done with potatoes. The Department of Agriculture annually buys thousands of tons of potatoes and dyes them, making them unfit for human consumption. The purpose of this is to keep the price high enough to make it profitable for farmers to raise them.

Then, the OPS declares the price of potatoes too high and rolls it back five to ten per cent. The law of supply and demand could do the same job without the aid of the price support and price control programs. This would serve both farmer and consumer equally well. But it would not serve bureaucracy. This, of course, will never do, so this will never happen.

French Premier Forms Cabinet

Paris (AP)—Premier Edgar Faure formed a new French Cabinet yesterday made up of moderates and right wing ministers wholeheartedly pro-western in outlook. The 40-member Cabinet was almost the exact image of that of Premier Rene Pleven, who was defeated on a confidence vote two weeks ago.

Foreign Minister Robert Schuman of the Catholic Popular Republican party stayed on his job. So did Georges Bidault, of the same party, in the other key job of national defense minister.

Three Talks To Highlight Defense School

The third session of the Monroe County Civil Defense school, to be held tonight from 8 to 10 at East Stroudsburg High school, will feature lectures on fire defense, auxiliary police and health and medical aspects of civil defense.

Instructors in these subjects will be William Torzillo, District Attorney Elmer D. Christine, and Dr. Charles S. Flagler.

Previous sessions of the schools were attended by civil defense representatives of every section of the county. Judge Fred W. Davis, county director, urges all interested in civil defense to attend tonight's meeting.

In addition to the lectures, further discussion will be held on the purchase of equipment necessary for a Monroe County Civil Defense amateur radio network. County purchase of such equipment is a matter now pending before the county commissioners, having been presented to them by Judge Davis on Jan. 16.

As at previous sessions of the school, Boy Scouts will act as ushers and clerks again tonight.

Tighter Labor Supply Seen

Washington (AP)—The Department of Labor says jobs will be harder to fill than ever by springtime.

The forecast was contained in a department report that said the tight manpower situation has eased off temporarily. Secretary of Labor Tobin disclosed results of a nationwide survey showing that employment has decreased in a number of large areas, even though it is still high for the nation as a whole.

Sixteen areas were found to have less employment this month than in December. Two were found to have more.

Certain important production centers have serious unemployment, while some can't find enough workers, the report said. Tobin said a principal reason for the "labor surplus" in some areas is the growing shortage of materials for civilian industry. He noted also that continued lack of consumer demand for some lines of goods. Finally, he said, there is a normal wintertime lull in construction, food processing, textiles and tobacco.

Tobin predicted, however, that "the overall outlook is for a tightening of labor supply as seasonal forces expand job opportunities this Spring and Summer as defense production gains momentum."

This is the government's classification of Pennsylvania's important market areas, where conditions remain unchanged from December to January:

Balanced labor supply areas — Allentown-Bethlehem, Harrisburg, Lancaster, York.
Moderate labor surplus areas — Erie, Johnstown, Philadelphia, Pittsburgh, Reading.
Substantial labor surplus areas — Altoona — Pottsville, Scranton, Uniontown-Connellsville, Wilkes-Barre, Hazleton.

Searchers Seek Bodies Of Skiers

Sun Valley, Idaho (AP)—A search party of expert skiers yesterday probed the depths of an avalanche on Baldy Mountain for the bodies of two student skiers believed killed Saturday afternoon.

An instructor at the Sun Valley resort died after he was swept away from the avalanche, which swept away one station of the Sun Valley resort's number four lift.

The resort identified the two missing guests as Arthur Gardner, 39, of New York City, and Stuart Fraser, 33, of Ensenada, Mexico.

The instructor killed was Victor Gottschalk, 37, a native of Munich, Germany. He had been on the Sun Valley staff since the resort opened in 1937.

Seoul, Korea, Monday (AP)—A 10-minute exchange of fire on the central front was the only clash reported along the entire 145-mile Korean ground front yesterday.

It was one of the quietest days since the "twilight" war set in last November, as Allied troops maintained position and patrolled.

In the air, two Communist MIG fighters were shot down by U.S. Sabre jets in another 10-minute encounter, high over northwest Korea yesterday.

Police Car Cruises Borough 45 Minutes With 'Lost' Boy

A three-year-old Stroudsburg boy strayed two blocks yesterday and wound up with a 45-minute ride in the borough police car.

A Thomas St. resident noticed the tot in tears, wandering around the Ramsey school at Sixth and Thomas Sts., apparently lost.

A borough officer was called. He set the boy in the police car and began touring the district looking for the "missing parents". The youngster could not or would not say where he lived.

The officer gave up, was on his way to the Children's Aid society when the child pointed excitedly and made a series of urgent "Uh! Uh!" sounds.

The officer stopped the car, took the child toward the building the youngster pointed out. A neighbor told the officer it was the right house, and the child was David Wagner, son of Mr. and Mrs. C. D. Wagner. In a moment he was safely back in his apartment at 519 Sarah St.
